

Genetic counseling resources for your patients

Quest Diagnostics helps you connect your patients with genetic counselors. Genetic counselors can provide comprehensive genetic services to patients, such as pre-test and post-test genetic counseling.

Visit FindAGeneticCounselor.com for a directory created by the National Society of Genetic Counselors that lists genetic counselors available in-person and/or by phone.

Below are examples of companies that provide genetic counseling services by phone and/or video-conferencing.

Company ¹	Phone	Video-conferencing	Genetic counseling specialty	Languages offered	Contracts with select insurance plans ³
